

CARIBOO GOAT BREEDERS

EDUCATIONAL DISPLAYS FOR BOTH YOUTH AND ADULTS

Cariboo Goat Breeders Association will be having a display of goats at the fair, also included will be some displays of products made with goats milk or fiber and educational posters related to goats.

There will also be a practice showing session to help owners learn how to show their goats. This will be especially helpful to 4-H members planning on having goat projects. This is open to dairy, meat goats or pet goats. If you would like to display your goat or other goat related items, please contact Ruth Shaw at 250-392-3649. hannahgarden@hotmail.com
